

NOTES FROM THE CHIEF

Welcome to the Stockton Police Department website.

The Stockton Police Department was organized in 1890 to serve the safety and welfare of the citizens of Stockton. The Department conducts routine police functions, investigating traffic accidents, criminal investigations and assistance with other emergency services within Jo Daviess County.

Organizations also assisted include: "Tylers Justice Center for Children" and Riverview Sexual Assault Center". The Department is proactive in giving seminars to schools, senior citizen groups, business, youth and civic groups with various topics of law and safety issues pertaining to that groups' particular interest.

The purpose of this site is to give the citizens of Stockton easy access to forms and internet sites that are frequently asked about. Please feel free to contact us if you wish to have anything else added to our site.

**Doug Wierema
Stockton Chief of Police
